The Honorable Kash Patel
Director
Federal Bureau of Investigation
935 Pennsylvania Avenue, N.W.
Washington, D.C. 20535

Director Patel,

Congratulations on being confirmed as the Director of the Federal Bureau of Investigation (FBI). We are grateful for your willingness to serve our country. Your commitment to end political weaponization by law enforcement is essential to restoring public trust in the FBI.

We are proud to represent the great state of Alabama, home to Redstone Arsenal which is the epicenter of the FBI's technological capabilities and advanced training. As threats to our nation become more sophisticated, FBI-Redstone Arsenal's operations will need to continue growing. The North Campus is well prepared to support this mission by delivering state-of-the-art training to address cyber threats, emerging technologies, and the Field Offices' investigative efforts. The South Campus is currently under construction and will host even more capacity to address current and future threats.

Given the strategic investments at Redstone Arsenal and how its synergies align with your mission of restoring the FBI's focus to the safety and security of the American people, we urge you to assign an additional 1,000 employees to FBI-Redstone as a first step to ultimately filling the approximately 4,000 open slots the campus can accommodate. This will send a message to our adversaries that the FBI's leadership is back to prioritizing the pressing threats to our homeland.

We look forward to working closely with you to Make America Safe Again. Thank you for your consideration and your service to our country.

Sincerely,

Katie Boyd Britt
